SHORT COURSE

LOAD SLINGING

Are you required to have an understanding of what is required to safely use load shifting equipment for slinging loads?

COURSE OVERVIEW

Participants will gain an understanding of what is required to safely use load shifting (earthmoving) equipment equipped with rated lifting points for slinging loads.

Please note this course DOES NOT qualify you as a dogman. If you think you may need a Dogging High Risk Work Licence, please contact SafeWork SA for clarification.

COURSE OUTCOMES

On completion of the course you will be able to:

- Plan and prepare for lifting operations
- Prepare for lifting
- Move loads (including)
 - Deduce and confirm appropriate safe working loads and centre of gravity using load charts and sling tags/charts prior to load moving
 - Direct the movement of the load using standard signals for load moving
 - Perform load moving in accordance with the plan
 - Perform work safely
 - Connect lifting gear to load
 - Connect load to movement device using appropriate and certified equipment
 - Ensure stability of the load by application of load movement procedure, temporary bracing and/or load support.

Upon completion you will receive a Statement of Attendance.
